About AGC

The Associated General Contractors of America (AGC) is the leading association for the construction industry. AGC represents more than 33,000 firms, including 7,500 of America's leading general contractors, and over 12,500 specialty-contracting firms. More than 13,000 service providers and suppliers are associated with AGC through a nationwide network of chapters.

About Computer Guidance Corporation

Since 1981, Computer Guidance offers the most complete, proven and reliable construction management solution for architecture, engineering and commercial construction companies. Computer Guidance's eCMS solution provides financial accounting and project management applications supported by advanced business intelligence and innovative productivity tools.

- eCMS has been selected as the construction management solution of choice for the members of The Associated General Contractors of America
- eCMS has been consistently ranked as the No. 1 Job Costing/Accounting/Payroll Software for commercial contractors with annual revenues of \$250 million and higher by the CFMA Information Technology Survey
- Computer Guidance customers are represented among the Engineering News-Record's Top 50, 400 and 600 contractors

Partnering for Profitability and Growth

Rosen Shingle Creek Resort, Tri-City Electrical Contractors

Stand out from the competition with a fully integrated construction management solution

- Retool your operations for improved efficiency and productivity
- Realize immediate quantifiable benefits through tight collaboration
- Reduce IT expenses with flexible solutions for your business needs

Discount Partner Program

AGC's national discount programs provide members access to high quality services, cutting-edge technology and top-of-the-line products with valuable member discounts. Through this program, Computer Guidance provides AGC members access to its eCMS construction management software at an exclusive price with benefits to the member and the chapter.
