**New Customer – Comer Construction, Inc.**

*Computer Guidance Corporation Welcomes Comer Construction, Inc. To Its Client Portfolio*

Scottsdale, Arizona – June 25, 2009 – Computer Guidance Corporation, the leading developer of financial and project management software solutions for architecture, engineering and construction companies, today announced that Comer Construction, Inc. has selected eCMS® construction management system for its entire business operation, from job costing, human resources, payroll, accounting, financial reporting, equipment maintenance and more.

Comer Construction, Inc. was founded in 1982 in Harford County, Maryland and is a woman-owned general contracting firm, providing commercial and residential site preparation services including land clearing, demolition, site mass grading, sewer and water installation, storm drainage systems and road construction in the states of Maryland, Delaware, Pennsylvania, Virginia and New Jersey.

“It is imperative for our company to manage, control and report all financial data and transactions under one roof.” said Ruby Comer, Corporate Secretary, Comer Construction, Inc. “We are looking forward to leverage Computer Guidance’s construction management software to increase productivity, improve operational efficiency while maintaining the highest level of quality construction services for our clients.”

Once implemented, Computer Guidance Corporation’s eCMS solution will manage thousands of line items, a couple of hundred concurrent projects, payroll and human resources tasks for over 125 employees, and its comprehensive financial reporting needs. The Computer Guidance professional services team offers 28 plus years of experience and knowledge to support Comer Construction’s mission of delivering superb customer satisfaction with timeliness, attention to detail and service-minded attitudes.

“Computer Guidance Corporation has a proven track record in providing a solid construction management solution with a complete set of customer service offerings, and Comer Construction expects to utilize Computer Guidance’s eminent solutions and distinctive customer service as we commit to excellence to our clients.” said Ruby Comer, Corporate Secretary of Comer Construction, Inc.

**About Computer Guidance Corporation**

Computer Guidance has the largest customer representation in the Engineering News Record (ENR) "Top 400 Contractors" and "Top 50 Contractors." Computer Guidance software has been the leading solution among General Contractors with revenue of more than 250-million dollars and 100-250-million dollars for the past 12 years according to the CFMA Information Technology Survey.

Since 1981, Computer Guidance has been the leading provider of financial and project management solutions to more than 600 enterprise customers from various commercial construction disciplines. Computer Guidance continues to be ranked "World Class" in customer support excellence by independent IBM surveys for the past 20 years.
