Computer Guidance Corporation Welcomes Rob't Baggett, Inc. *Rob't J Baggett Purchases Computer Guidance's eCMS® solution*

Scottsdale, Arizona – September 24, 2009 – Computer Guidance Corporation, the leading developer of financial and project management software solutions for architecture, engineering and construction companies, today announced that Rob't J Baggett Inc., one of the largest industrial general contractors on the Gulf Coast has joined Computer Guidance's growing client base.

Rob't J Baggett, Inc. is a full-service industrial contracting and plant maintenance construction company. In business since 1976, Rob't J Baggett has become one of the largest and most respected industrial general contractors on the Gulf Coast as it specializes in maintenance contracts for the industrial market.

"Rob't J Baggett offers a variety of industrial general contract work with company-owned and company-maintained construction equipment that positions the company for a competitive advantage over other contractors." said Allan Crow, Secretary/Treasurer of Rob't J. Baggett. "We selected Computer Guidance's eCMS solution for its integrated approach to financial accounting, project management, equipment accounting, equipment maintenance and other management applications. Having a single data entry construction management software solution to manage our entire operation and extensive resources will allow us to have accurate, real-time business-critical data for informed decision-making."

Rob't J Baggett employs 225 highly qualified professionals who deliver site work, concrete placement, structural steel erection, heavy rigging, millwright work with equipment installation and fabrication, and erection of piping, both alloy and non-alloy materials, on a 24/7/365 schedule.

"We are looking forward to full data and process interoperability driving improved productivity and operational efficiency as well as moving to a paperless environment in the near future." Crow continued.

About Computer Guidance Corporation

Computer Guidance has the largest customer representation in the Engineering News Record (ENR) "Top 400 Contractors" and "Top 50 Contractors." Computer Guidance software has been the leading solution among General Contractors with revenue of more than 250-million dollars and 100-250-million dollars for the past 12 years according to the CFMA Information Technology Survey.

Since 1981, Computer Guidance has been the leading provider of financial and project management solutions to more than 600 enterprise customers from various commercial construction disciplines. Computer Guidance continues to be ranked “World Class” in customer support excellence by independent IBM surveys for the past 20 years.
