**Tom Niccoli Joins Management at Computer Guidance Corporation**  
*Immediate Appointment To Lead Computer Guidance's Customer Services Initiatives*

Scottsdale, Arizona – July 1, 2010 – Computer Guidance Corporation, the leading developer of financial and project management software solutions for architecture, engineering and construction companies, today announced that Tom Niccoli accepted the position as Director of Customer Services.

In this role, Tom Niccoli will take on the responsibility of leading Computer Guidance's consulting, professional services, educational programs, application help desk support, IT and technical services programs.

"We are committed to our customers to provide unparalleled customer service from needs assessment, solution deployment, continued education to ongoing business process consulting" stated Roger D. Kirk, President/CEO, Computer Guidance Corporation. "Tom brings a wealth of knowledge and years of experience implementing innovative and effective services programs that allow customers to maximize their return on their solution investment."

Tom Niccoli has thirty years of leadership experience with prior CEO & COO background in both public and private enterprises. He has been a founder/co-founder in six startup high technology companies and has seen three of those companies go public. In addition, Tom Niccoli has an extensive background in solution development and deployment, including IBM platforms and solutions.

**About Computer Guidance Corporation**

Computer Guidance has the largest customer representation in the Engineering News Record (ENR) "Top 400 Contractors" and "Top 50 Contractors." Computer Guidance software has been the leading solution among General Contractors with revenue of more than 250-million dollars and 100-250-million dollars for the past 12 years according to the CFMA Information Technology Survey.

Since 1981, Computer Guidance has been the leading provider of financial and project management solutions to more than 600 enterprise customers from various commercial construction disciplines. Computer Guidance continues to be ranked "World Class" in customer support excellence by independent IBM surveys for the past 20 years.
