Computer Guidance Corporation Revitalizes Customer Services
Staff Appointments To Expand Customer Services Initiatives

Scottsdale, Arizona – July 8, 2010 – Computer Guidance Corporation, the leading developer of financial and project management software solutions for architecture, engineering and construction companies, today announced new staffing appointments for key customer services functions.

Computer Guidance Corporation has placed a greater emphasis on its customer services strategic initiative in order to better respond to customer requests. By recruiting for the customer service department, Computer Guidance demonstrates its commitment in growing and further evolving its customer services programs.

Recent appointments include Mario Cuneo as the Manager of Professional Services. Mario brings extensive solution consulting expertise to the team. In addition, Alan Pitts has been appointed as a Senior Business Analyst, leveraging his 15 years of experience working with Computer Guidance's eCMS and other ERP solutions. The Professional Services team has also been expanded to include Anthony Palazzolo, an industry veteran with a long history in business process consulting and educational services.

"These highly-qualified individuals will further build on our strategic plans to grow and evolve our customer services offerings to better serve our customers" stated Tom Niccoli, Director of Customer Services, Computer Guidance Corporation. "We are excited to be able to assemble a dynamic team to carry forth these vital initiatives."

About Computer Guidance Corporation

Computer Guidance has the largest customer representation in the Engineering News Record (ENR) "Top 400 Contractors" and "Top 50 Contractors." Computer Guidance software has been the leading solution among General Contractors with revenue of more than 250-million dollars and 100-250-million dollars for the past 12 years according to the CFMA Information Technology Survey.

Since 1981, Computer Guidance has been the leading provider of financial and project management solutions to more than 600 enterprise customers from various commercial construction disciplines. Computer Guidance continues to be ranked "World Class" in customer support excellence by independent IBM surveys for the past 20 years.
