

Herzog Contracting Corp Signs With Computer Guidance Corporation
Computer Guidance Customer To Implement eCMS v.3.7.0

Scottsdale, Arizona – January 25, 2011 – Computer Guidance Corporation, the leading developer of financial and project management software solutions for architecture, engineering and construction companies, today announced that Herzog Companies has selected eCMS® v.3.7.0 for its diverse construction management and services needs.

Founded in 1969, Herzog Contracting Corp has grown to an international construction company with four distinct divisions, specializing in railroad construction, railroad services, airport, bridge and heavy highway building and transit operations. Herzog Contracting Corp is ranked as #145 on the Top 400 contractor list by the Engineering-News Record.

“After an in-depth review of available construction management solutions in the market, we selected Computer Guidance because our multi-faceted business demands the most proven and feature-rich construction management solution in the market.” stated Art Van Meter, Senior Vice President, Herzog Contracting Corp. “With the combination of Computer Guidance’s unmatched product functionality set and its integration with a leading project scheduling software, we are confident in our decision.”

“We are pleased to partner with Herzog Contracting Corp in every step of the way as it rolls out our eCMS solution to its operating divisions.” stated Roger D. Kirk, President/CEO, Computer Guidance Corporation. “Our renewed partnership with Herzog Companies is indicative of our commitment that we bring to our customers and the construction industry.”

About Computer Guidance Corporation

Since 1981, Computer Guidance offers the most complete, proven and reliable construction management solution for architecture, engineering and commercial construction companies. Computer Guidance’s eCMS solution provides financial accounting and project management applications supported by advanced business intelligence and innovative productivity tools. eCMS is recognized as the solution of choice for top general and specialty contractors in the CFMA Information Technology Survey and has been selected by the Associated General Contractors of America (AGC) as the construction management solution of choice for its members nationwide since 2010. Computer Guidance customers are recognized among the Top 400 Contractors and Top 50 Contractors by Engineering-News Record (ENR). Computer Guidance is a strategic technology partner with IBM Corporation, providing a solid technology foundation for both its hosted and enterprise solutions.
