Kenco Communities Implements eCMS v.3.7.0 Solution
Customer Services Drives Decision to Continue Relationship

Scottsdale, Arizona – March 22, 2011 – Computer Guidance Corporation, the leading developer of construction financial and project management software solutions for architecture, engineering and construction companies, today announced that Kenco Communities has completed the implementation of its eCMS v.3.7.0 solution.

“Our corporate strategy remains to provide the most comprehensive residential construction services to our clients.” stated Richard Finkelstein, President, Kenco Communities. “We believe that advanced technology solutions are key to our corporate success.”

A Computer Guidance customer since 1998, Kenco Communities constantly seeks to improve its operational efficiency, productivity and service offerings. With eCMS, Kenco Communities plans to continue growing its residential construction business.”

“In 1998, we selected Computer Guidance for their innovative solutions and reputation in the industry.” stated Judy Matthews-Gray, CFO, Kenco Communities. “When it came time to upgrade our solution, we were confident in our decision to remain with Computer Guidance because of the excellent customer service we have received.”

“Our partners such as Kenco Communities are what drives the success of Computer Guidance.” stated Roger D. Kirk, President/CEO, Computer Guidance Corporation. “I am always pleased to see customers continue to put their faith in Computer Guidance when selecting a construction management solution.”

About Computer Guidance Corporation

Since 1981, Computer Guidance offers the most complete, proven and reliable construction management solution for architecture, engineering and commercial construction companies. Computer Guidance’s eCMS solution provides financial accounting and project management applications supported by advanced business intelligence and innovative productivity tools. eCMS is recognized as the solution of choice for top general and specialty contractors in the CFMA Information Technology Survey and has been selected by the Associated General Contractors of America (AGC) as the construction management solution of choice for its members nationwide since 2010. Computer Guidance customers are recognized among the Top 400 Contractors and Top 50 Contractors by Engineering-News Record (ENR). Computer Guidance is a strategic technology partner with IBM Corporation, providing a solid technology foundation for both its hosted and enterprise solutions.
