Morgan Contracting, Inc. Signs With Computer Guidance Corporation
Computer Guidance Welcomes Morgan Contracting, Inc. as a New Customer

Scottsdale, Arizona – April 5, 2011 – Computer Guidance Corporation, the leading developer of construction financial and project management software solutions for architecture, engineering and construction companies, today announced that Morgan Contracting, Inc. has selected Computer Guidance's eCMS enterprise resource planning solution for its financial and project management needs.

Since 1989, Morgan Contracting has provided clients with utilities construction services to multiple sectors: water, wastewater, plant, tunneling, and electrical. Currently the corporation is expanding into the power generation and transmission construction as well as the maintenance industry.

"It is fundamental to our business to *deploy* an enterprise-class solution that seamlessly integrates the financial and operations sides of our businesses across our nationwide operations." stated Mike Landreth, Chief Financial Officer, Morgan Contracting, Inc. "We needed a solution that is scalable to support our acquisition strategy and equally flexible to respond to our complex, yet dynamic business needs. The determining factor when making our technology decision was to partner with a well-established solution provider with a proven and reliable solution."

"We are excited to partner with Morgan Contracting, Inc. in every step of the way as it expands its operations across North America." stated Roger D. Kirk, President/CEO, Computer Guidance Corporation. "Morgan Contracting's decision validates our product development strategy to deliver all-encompassing, fully integrated solutions with a solid platform for the future."

About Computer Guidance Corporation

Since 1981, Computer Guidance offers the most complete, proven and reliable construction management solution for architecture, engineering and commercial construction companies. Computer Guidance's eCMS solution provides financial accounting and project management applications supported by advanced business intelligence and innovative productivity tools. eCMS is recognized as the solution of choice for top general and specialty contractors in the CFMA Information Technology Survey and has been selected by the Associated General Contractors of America (AGC) as the construction management solution of choice for its members nationwide since 2010. Computer Guidance customers are recognized among the Top 400 Contractors and Top 50 Contractors by Engineering News-Record (ENR). Computer Guidance is a strategic technology partner with IBM Corporation, providing a solid technology foundation for both its hosted and enterprise solutions.
