**Carl Bolander & Sons Co. Upgrades To Enterprise eCMS v.3.7.0 Solution**  
*Customer Continues Partnership with Computer Guidance*

Scottsdale, Arizona – May 3, 2011 – Computer Guidance Corporation, the leading developer of financial and project management software solutions for architecture, engineering and construction companies, today announced that Carl Bolander & Sons Company, a heavy highway contractor specializing in earthwork, underground utilities, demolition, and earth retention systems, executes an agreement to upgrade to eCMS v.3.7.0.

“Building on our commitment to change and better meet the needs of our customers, we continue to embrace new technologies and make the necessary investments to stay ahead of the competition.” stated Tim Gillen, Chief Financial Officer, Carl Bolander & Sons, Co. “Our decision to upgrade to eCMS v.3.7.0 was an easy one as the new features and functionality will serve to streamline our business processes and improve our performance for our customers.”

“The flexibility and reliability of our eCMS v.3.7.0 solution ensures that commercial contractors from any vertical market segment continue to profit from the benefits we deliver.” stated Roger D. Kirk, President/CEO, Computer Guidance Corporation. “The response to our eCMS v.3.7.0 has shown that the market has confidence in Computer Guidance and that we continue to deliver best-in-class solutions.”

**About Computer Guidance Corporation**

Since 1981, Computer Guidance offers the most complete, proven and reliable construction management solution for architecture, engineering and commercial construction companies. Computer Guidance’s eCMS solution provides financial accounting and project management applications supported by advanced business intelligence and innovative productivity tools. eCMS is recognized as the solution of choice for top general and specialty contractors in the CFMA Information Technology Survey and has been selected by the Associated General Contractors of America (AGC) as the construction management solution of choice for its members nationwide since 2010. Computer Guidance customers are recognized among the Top 400 Contractors and Top 50 Contractors by Engineering-News Record (ENR). Computer Guidance is a strategic technology partner with IBM Corporation, providing a solid technology foundation for both its hosted and enterprise solutions.
