

Roads & Bridges Magazine Recognizes Computer Guidance Corporation
Computer Guidance Receives Silver Contractor's Choice Award For Its eCMS ERP Solution

Scottsdale, Arizona – October 29, 2013 – Computer Guidance Corporation, the leading developer of construction financial and project management software solutions for architecture, engineering and construction companies, today announced that it had received a silver Contractor's Choice award from Roads & Bridges magazine in the Software (Accounting) category for its eCMS Enterprise Resource Planning solution.

Roads & Bridges magazine began the Contractor's Choice Awards in 2006 in celebration of the publications 100th anniversary. The awards are presented to recognize the top products in each judged category, selected by the contractor readership of the magazine.

"We have seen a lot of success in the civil/heavy highway market space and our portfolio of applications is particularly useful for these contractors." stated Michael Bihlmeier, President, Computer Guidance Corporation. "With the recipients of this award being selected by the contractors themselves, we are particularly proud to have received the silver Contractor's Choice and the validation it brings to both our strategy and product offering."
